"As a lover of both 4X & worker placement games I will say that Stellar Leap hit that sweet spot for me. Stellar Leap is a game that you can leap right into & head to the stars."

Christopher Richter, Board Gaming FTW

"Stellar Leap is a really solid game. The design provides real choices and the gameplay is very satisfying. The artwork is fantastic and very thematic." Jeremy David, Game Geek Ninja

"Stellar Leap makes for an excellent introduction to the 4X genre with it's straightforward mechanics, manageable systems, and sprinkling of luck. However, it's appeal is broader than just newbie fodder - there's enough here to keep players coming back for more."

Jess Fisher, Gameosity

Major Selling Points

Great introduction into 4x games

4X feel without a large time commitment

Quality components including custom meeples and dual layer player boards
